

Reliance Student Ministry Adult Team

The RSM adult team is made up of a wide variety of leaders who represent not only different backgrounds, but also every decade—from twenties through seventies—and can offer biblical wisdom and insight to your teenager through their life experiences in the Lord.

We believe effective ministry happens through relationship and consistency. Therefore, each RSM adult not only stays with students throughout each grade, but also guides their weekly small group discussions, and is meant to be a resource/partner with parents in discipleship.

Our leaders gather for weekly prayer and monthly equipping meetings in order that we may best serve this generation in the ways that Jesus loves them.

Adults who want to serve on this team must first complete a background check and sign a leadership agreement before officially joining and leading.

If ever you would like to contact your student's small group leader, they would love to hear from you!
